Hi Chen,

Happy new Year to you and your family. I hope this year is a one of peace and health for you all.

Thank you for yet another year of treatment, I owe my ongoing good health and well being to your skillful treatment of my cancer. Thank you also for your encouragement and support. You have been a consistent source of strength for me since my diagnosis in Nov. 2000. I really can't thank you enough and I look forward to many more years of good health.

Cheers,

Melissa Taylor
